Class & Race Features

Barbarian (L3)

- **Rage** (3/day): Bonus action. +2 damage on STR melee hits, resistance to B/P/S damage, advantage on STR checks & saves. 1 minute (whole fight per v1 rules). Can't cast or concentrate on spells. Ends if you go a round without attacking or taking damage.
- **Unarmored Defense:** AC = 10 + DEX + CON (no shield restriction, but shield works too).
- **Reckless Attack:** Choose at start of turn — advantage on all STR melee attacks this turn; attacks against you have advantage until your next turn.
- **Danger Sense:** Advantage on DEX saves vs effects you can see.
- **Primal Path — Path of the Berserker (L3): Frenzy** — while raging, make one melee weapon attack as a bonus action on each of your turns. After the rage ends, gain 1 level of exhaustion. (In a playtest with 1–2 fights/day this is almost a free bonus attack — use it.)

Half-Orc

- **Menacing:** Proficiency in Intimidation.
- **Relentless Endurance:** When reduced to 0 HP but not killed outright, drop to 1 HP instead. 1/long rest. (Town rests back.)
- **Savage Attacks:** On a melee weapon crit, roll one additional weapon damage die.

Signature Tactical Moves

1. **Reckless Frenzy Turn.** Bonus action: Rage. Action: Reckless Attack (advantage) with Greataxe ($2d6+3+2 = \text{avg } 12$). Bonus action $\rightarrow$ Frenzy attack (also advantage — Reckless lasts the turn) with Greataxe again (avg 12). **~24 avg damage/turn** without even critting. Savage Attacks + advantage = high crit chance (~19%), adds another d6 on crits.
2. **Javelin Opener.** Turn 1 when closing distance — toss a javelin ($1d6+3$ at up to 120 ft) on your move-then-attack turn instead of dashing aimlessly. Sets up the Rage turn 2.
3. **Relentless Bailout.** When dropped to 0 HP for the first time in a match, auto-trigger Relentless Endurance — drop to 1 HP instead. Enemies waste a kill's worth of resources. Once per day.

Town Phase Notes

- STR-Athletics + Intimidation stack for the Black Market / Haggling rolls.
- Bad at Casino (no CHA, no INT, no WIS bonuses).
- Good at Training Grounds (STR-based training options).
- Perception is proficient — viable for hunting the hidden Catacombs.
