Class & Race Features

Fighter (L3)

- **Fighting Style — Archery:** +2 to attack rolls with ranged weapons. (Always on. Longbow effective +6 to hit at proficiency +2 with DEX +3.)
- **Second Wind** (1/short rest): **Bonus action**, regain **1d10 + 3 HP** (Fighter level).
- **Action Surge** (1/short rest): **Free additional action** on your turn — take a second Attack, Dash, cast a spell, whatever. In v1 (1 fight/“day”) this is effectively a once-per-match burst lever.
- **Martial Archetype — Battle Master (L3):**
 - **Combat Superiority:** 4 Superiority Dice (d8 each), 3 known maneuvers, regain on short or long rest.
 - **Maneuver save DC** = 8 + prof (+2) + higher of STR/DEX (+3) = 13 (DEX-based for Kaelen).
 - **Student of War:** Artisan's tool proficiency (bow-fletching kit).

Wood Elf

- **Darkvision 60 ft**
- **Keen Senses:** Perception proficiency
- **Fey Ancestry:** Advantage vs charm, immune to magical sleep (moot — Sleep is banned)
- **Trance:** 4-hour meditation
- **Fleet of Foot:** Base walking speed **35 ft** (a big deal for kiting)
- **Mask of the Wild:** Can attempt to Hide when only lightly obscured by foliage, rain, snow, dim light — **map-dependent upside on outdoor-feel arenas**
- **Weapon Training:** Longsword, shortsword, shortbow, longbow (already counted via Fighter prof)

Maneuvers (Choose 3 — Locked)

These three are the locked loadout for Kaelen. Rationale in parens.

1. **Trip Attack** — When you hit with a weapon attack, spend a Superiority Die: +1d8 damage AND target makes a STR save DC 13; on fail, **knocked prone**. (Prone = melee attackers gain advantage against prone, ranged attackers have disadvantage. Team-wide debuff from a single shot.)
2. **Precision Attack** — When you make a weapon attack roll and would miss, spend a Superiority Die to **add 1d8 to the roll after seeing the d20**. Can turn a near-miss into a hit. (Waste-proof insurance — use after the die lands.)
3. **Menacing Attack** — On hit, +1d8 damage AND target makes a WIS save DC 13; on fail, **Frightened of you until end of your next turn**. (Frightened = disadvantage on ability checks and attack rolls while the source is in sight. Situational team-save when someone's about to eat a crit.)

Signature Tactical Moves

1. **Open at Range, Trip-Shot a Frontliner.** Turn 1: Longbow at 150 ft from the enemy frontline (use your 35 ft speed to stay out of closing range). **Attack (Longbow 1d8 + 3 DEX, +6 to hit with Archery)**. On hit, **Trip Attack** — +1d8 damage, STR save DC 13 or **prone**. Prone melee = your allies shoot them at advantage, they can't easily reach the back line. Single turn, team-wide impact.
2. **Action Surge Double-Tap.** Once per match burst. Attack → Attack (Action Surge). Optional: spend Superiority Dice on both shots — e.g. **Precision on the first (guaranteed hit) + Menacing on the second (fear lock)**. ~2d8 + 2d8 + 6 damage from weapons plus 2d8 from maneuvers = avg 23 single-turn, plus a Frightened debuff.
3. **Second Wind + Kite.** Dropped to ~12 HP. **Dash** (move 70 ft behind your team), **Bonus action** — **Second Wind** (recover 1d10 + 3 = avg 8 HP back to ~20 HP). Costs you an attack turn but restores front-to-back distance. Repeat as needed.

Action Economy (Quick Reference)

Bonus Action	Second Wind (1/match, 1d10+3 HP) · draw/stow weapon (if needed)

Slot	Options
Movement	35 ft (Fleet of Foot)

Damage Reference

- **Longbow baseline (Archery +2):** $1d8 + 3 \text{ DEX} = \text{avg } 7.5$ (range 150/600)
- **Longbow + Trip/Menacing (+1d8):** avg **12**, plus condition
- **Longbow crit:** $2d8 + 3 = \text{avg } 12$; $+2d8$ if maneuver = avg **21**
- **Shortsword melee:** $1d6 + 3 = \text{avg } 6.5$ (fallback)
- **Action Surge turn (2 Longbow shots, both maneuvers):** avg **23** + **conditions** single-turn

Town Phase Notes

- **Perception +4** and **Survival +4** — strong Catacombs hunter; good at tracking hidden locations, reading danger.
- **Stealth +5** + **Mask of the Wild** — he can Hide in lightly-obscured arena terrain, which matters if the map has foliage/dim-light zones.
- **Acrobatics +5** — Training Grounds mobility options.
- **Weak at Casino / Hagglng / Riddles** (low CHA, average INT).
- Consider spending gold on **extra arrows** (cheap), **Healing Potions**, or a **Potion of Animal Friendship** (flavor, but Wood Elf thematic fit).
