Ability Scores (Point Buy 27, +racial)

Ability	Score	Mod
STR	8	-1
DEX	16	+3
CON	14	+2
INT	16	+3
WIS	10	+0
CHA	8	-1

Combat Vitals

- **HP:** 30 (base 20 at L3 with CON 14 + **10 HP variant buffer**)
- **AC:** 13 base / **16 with Mage Armor** / **21 with Shield reaction**
- **Speed:** 30 ft
- **Initiative:** +3
- **Proficiency Bonus:** +2
- **Hit Dice:** 3d6

Saving Throws: INT +5, WIS +2

Skill Proficiencies: Arcana +5, Investigation +5, History +5, Perception +2 (Elf: Keen Senses)

Senses: Darkvision 60 ft, Fey Ancestry (advantage vs charm, can't be magically put to sleep — moot w/ Sleep banned, but good vs other charm effects)

Languages: Common, Elvish, Draconic, +1 (High Elf extra)

Spell Save DC: 13 · **Spell Attack:** +5

Equipment

- **Quarterstaff** (1d6 bludgeoning, versatile d8) — melee if cornered
- **Longsword** (1d8 slashing, versatile d10) — High Elf weapon proficiency, stashed; grab if out of slots
- **Crystal Arcane Focus** (component-free casting)
- **Spellbook** (see below)
- **Scholar's Pack** (book of lore, ink, parchment, quill, bag, rations)
- **No armor** — Mage Armor spell handles AC

Spell Slots & Preparation

Slots: 4× 1st, 2× 2nd

Prepared Spells: 6 (INT mod 3 + Wizard level 3)

Cantrips Known (4 total — base 3 + High Elf extra):

- **Fire Bolt** (1d10 fire, 120 ft ranged spell attack) — primary ranged cantrip
- **Booming Blade** (melee attack + 1d8 thunder if target moves this turn) — anti-retreat tool
- **Mage Hand** (utility, telekinesis at 30 ft)
- **Prestidigitatation** (town-phase utility, flavor)

Prepared 1st-Level Spells:

1. **Shield** — Reaction, +5 AC until start of next turn, immunity to Magic Missile. Cast it when a hit is announced against you and the swing could have missed. Core survival tool.
2. **Mage Armor** — Cast before combat in town/arena-prep phase (1 hour duration). AC becomes 13 + DEX = **16**.
3. **Magic Missile** — Action, 3 auto-hit darts of 1d4+1 force (avg 10.5 damage split any way). Only damage that ignores Shield-reaction chains from other enemies (wait — it DOESN'T ignore Shield; Shield blocks MM. Use against non-Wizard targets).
4. **Burning Hands** — Action, 15 ft cone, DEX save, 3d6 fire (avg 10). **Sculpt Spells safe for allies.** Upcast for +1d6 per slot level.

Prepared 2nd-Level Spells:

5. **Scorching Ray** — Action, 3 ranged spell attacks, each 2d6 fire (avg 21 if all hit). Best single-target nova at L3. No friendly-fire risk.
6. **Misty Step** — Bonus action, teleport 30 ft. Positioning / repositioning / escape. Burns a 2nd-level slot but saves a life.

Spellbook (10 spells total, 4 not prepared):

- Detect Magic, Identify, Unseen Servant, Shatter (*Sculpt-protected AoE alt — swap for Scorching Ray if team needs AoE over single-target*)

Note — **Sleep is banned by the variant** and is NOT in Aelarion's spellbook.

Evocation School Features

- **Evocation Savant (L2):** Copy evocation spells into spellbook at half time and gold cost. (Relevant for Library visits in town phase.)
- **Sculpt Spells (L2):** When casting an evocation spell with an area that affects allies, choose up to (spell level + 1) creatures you can see in the area. They automatically succeed the save and take no damage. **Huge** — **throw Burning Hands into a melee without killing your teammates.**

High Elf Features

- **Darkvision 60 ft**
- **Keen Senses:** Perception proficiency
- **Fey Ancestry:** Advantage vs charm, immune to magical sleep
- **Trance:** 4-hour meditation instead of 8-hour sleep
- **Cantrip:** +1 Wizard cantrip (Booming Blade)
- **Extra Language:** 1 extra (listed above)
- **Weapon Training:** Longsword, shortsword, shortbow, longbow

Signature Tactical Moves

1. **Scorching Ray Nova.** Burn a 2nd-level slot — 3 ranged spell attacks at +5, 2d6 fire each. If all land: avg **21 damage single-target**. Highest burst you have. Save it for a mid-tier HP target (Fighter, Rogue, Cleric) who doesn't have Shield.
2. **Sculpted Burning Hands.** Step into a melee with an ally already in it. Drop Burning Hands 15 ft cone. Sculpt Spells = ally takes zero, enemies save DEX DC 13 or take 3d6 fire. Best against clustered enemies closing on your back line.
3. **Shield + Misty Step Pocket.** When down to ~15 HP, if a big hit is coming: **Reaction** → **Shield** (+5 AC, often turns hit into miss). **Next turn bonus action** → **Misty Step** 30 ft away to break line-of-sight. Burns two slots but buys you a full turn of safety.

Action Economy (Quick Reference)

Slot	Options
Action	Cast leveled spell (Magic Missile / Burning Hands / Scorching Ray) · Cast cantrip (Fire Bolt / Booming Blade) · Dash · Dodge · Disengage
Bonus Action	Misty Step (2nd-level slot) · no other bonus-action spells prepped
Reaction	Shield (1st-level slot, +5 AC) · Opportunity Attack (don't)
Movement	30 ft
Free	Drop a held component, verbal/somatic spell cues

Damage Reference (assuming +5 spell attack, DC 13)

- **Fire Bolt:** 1d10 fire = avg 5.5 (cantrip, infinite)
- **Magic Missile (1st slot):** 3× (1d4+1) auto-hit = **avg 10.5**
- **Burning Hands (1st slot):** 3d6 fire save half = **avg 10** (Sculpt-safe)
- **Scorching Ray (2nd slot):** 3× 2d6 fire attack rolls = **avg 21 if all hit**
- **Misty Step (2nd slot):** 30 ft teleport, bonus action
- **Shield (reaction, 1st slot):** +5 AC

Town Phase Notes

- **Library** is his room — Evocation Savant makes scribing cheap/fast. Great spot to pick up Shatter or additional utility.
- **Arcana + Investigation +5** — strong for Catacombs search, identifying magical items at the Shop.
- **Perception +2** — average at hidden-location discovery.
- Weak at Casino (no CHA/WIS bonuses), weak at Black Market (bad CHA), weak at Hag's Riddles (INT high, but no Insight).
